## Affordable Care Act Repeal

---

Hello, my name is [name] and my zip code is [zip code].

As a constituent, I am calling to ask that [name of member of Congress] lend his/her support to keeping the Affordable Care Act by **voting against a repeal** of the ACA. Such a repeal would disproportionately impact low income women who rely on it for their healthcare needs. Thanks to the ACA, approximately 9.5 million women who were previously uninsured have gained health coverage and 55 million women now have access to birth control and vital preventive care without copays or deductibles.

Strong pushback from constituents, particularly at recent town halls and demonstrations across the country, underscore the necessity of the ACA. Women across the country are extremely energized, mobilized, and watching their representatives.

More importantly, the GOP's answer to the ACA, the American Health Care Act, is an egregious attempt at stripping the poorest and most vulnerable Americans of basic health care. **If** [name of member of Congress] cares about the health of his/her constituents, they must oppose **any measure** to repeal the ACA and vote 'nay on Thursday.

Thank you for your time, do you need any more information from me?
