

Facebook: A Step-By-Step Guide

This guide is designed to assist NOW leaders in creating their chapter Facebook page.

Why create a Facebook page for your chapter?

A Facebook Page allows users to stay connected with your NOW chapters activity. Specifically, a Facebook page allows you to:

- Create online calendar reminders for upcoming chapter events
- Upload photos and create photo albums from recent events from your NOW chapter
- State the issues your NOW chapter is currently focusing on
- Share links that keep your members informed on key issues
- Members can also post to this page, which creates a collaborative activist and learning network.

Please Note: A Facebook Page is different from having a Facebook account. In order to create a Facebook Page you must already have a personal Facebook account. This Step-By-Step Guide only covers how to create a Facebook page. If you do not have a personal Facebook account here is a link that will help you create one:

https://www.facebook.com/help/345121355559712

Additionally, this Step-By-Step Guide is made from a desktop computer. If you are attempting to make a Facebook page via a tablet or a smart phone, these instructions may not match the options listed or the order of these steps listed in this guide.

Step 1: Open your web browser (i.e. Google Chrome, Firefox, Safari, Internet Explorer). Your browser's "home page" will appear. In this tutorial now.org is the browser's home page

Step 2: Delete the "home address" (in this example, now.org) in the address bar. Then type Facebook.com into the address bar of your web browser and press the **Enter** or **Return** key on your keyboard. (On an Apple computer it will be labeled a Return key, and on a Windows computer it will be labeled an Enter key. The keys serve the same purpose; they are just labeled differently depending on the computer's manufacturer.)

Step 3: Sign into your Facebook account.

Tip: If you decide to not favorite your chapter's page, it will still show up near the top of the left column under the category "Pages". If you favorite a page, it is more convenient to find in the left column, as it would be the fourth icon listed. We recommend that you **favorite** your chapter's page.

Step 15: Facebook is a free website that does not require a membership. However, if you want to advertise your chapter's page it will cost money. People will still be able to see your page without advertising your chapter's page. We recommend that you do not promote your chapter's Facebook page.

Step 16: You have now successfully created a page for your chapter! Similar to your personal Facebook you can post, like, share, and upload different things for people to see. You can also "invite" your personal Facebook friends to like your chapter's page. Don't forget to "like" National NOW's Facebook page.
