

ACTION BRIEF

Sanctuary Restaurants

The restaurant industry in the United States employs 1.1 million undocumented immigrants, and in the current political climate those individuals are facing heightened xenophobia, deportation, and ICE raids.

[Sanctuary Restaurants](#) is a growing movement--involving hundreds of restaurants, and thousands of diners, workers, and allies nationwide--to stand by these workers and create safe and equitable work environments free from sexism, racism, and xenophobia.

NOW is calling on our activist networks to support the Sanctuary Restaurants movement.

Activists around the country can reach out to and engage the management at their favorite restaurant about this movement, and provide them the necessary information and resources to get involved. If you'd like your favorite restaurant to join the movement, give them an informational card found [here](#). The NOW National Action Program has also created a Phone Script for those who choose to call in to restaurants to start the dialogue.
