

TAKE ACTION

H.R. 4712

At the end of 2017, conservative lawmakers introduced H.R. 4712, a dangerous and misleading abortion ban. In a nutshell--H.R. 4712 is a superfluous bill that stigmatizes abortion providers and threatens them with vague criminal action. This dangerous and far-reaching personhood bill is:

UNNECESSARY: State and federal laws are already in place to protect individuals. This bill is meant only to stigmatize.

OBSCURE: H.R. 4712 contains ambiguous language with a wide-ranging scope of interpretation. For example, the bill includes language detailing how to sue and incarcerate abortion providers. Essentially, this bill sets a dangerous precedent for other anti-abortion measures.

COERCIVE: This bill uses fear-tactics in an attempt to demonize and intimidate abortion providers.

H.R. 4712 is **yet another** extreme attempt to limit access to safe and legal abortion. **This dangerous bill is coming to a vote in the U.S. Senate**--let's raise our voices NOW to stop abortion bans!
