WHAT TO SAY:

"Hello, my name is [name]. I am calling to ask that [name of representative] support and vote "YES" on all introduced Equal Rights Amendment (ERA) legislation, including SCR 41. Equal pay, job opportunities, justice for sexual assault survivors, education, and health care will remain elusive without the guarantee of gender equity in the U.S. Constitution. 91% of individuals believe that women and men should have equal rights affirmed by the U.S. Constitution. The time for constitutional gender equity is NOW, I implore you to protect women's rights and support the ERA!"
