TREATED
WITH DIGNITY AND RESPECT IN THE UNITED STATES OF AMERICA**

WHEREAS, the U.S. Government is unconstitutionally detaining immigrant children and their parents in for-profit detention centers, while creating family separation, and emotional and physical harm; and

WHEREAS, the National Organization for Women (NOW) opposes the detention of innocent families in detention centers who are seeking a better life and fleeing violence; and

WHEREAS, NOW opposes the concentration camps at the borders and the waste of public tax money used to oppress our immigrant communities; and

WHEREAS, NOW supports refugees seeking asylum and denounces the racist agenda of our current administration which is using these families as political pawns; and

WHEREAS, we stand against the ICE raids in which federal immigration authorities continue unconstitutionally detaining families, even U.S. citizens; and

WHEREAS, the U.S. Government's treatment of undocumented people is immoral and dangerous;

THEREFORE BE IT RESOLVED, that we must not abandon our immigrant communities and work with immigrant rights organizations to collectively fight for justice for all; and

BE IT FURTHER RESOLVED, the members urge NOW to demand that more federal assistance and resources be given to aid the resistance against anti-immigrant bills and ending private detention centers, while demanding that the rogue agency ICE be held accountable; and

BE IT FINALLY RESOLVED, NOW supports and urges the U.S. Government to pass relief for 11 million undocumented Americans by passing comprehensive immigration reform, and giving justice to those in the concentration camps as well.
