- 6) Focused on EveryAction training and providing feedback to EveryAction regarding report outputs.
- 7) Working with Digital Media Manager in answering questions posed to National for database.
- 8) With the change in database for the organization, new Standard Operating Procedures for Chapters department.
- 9) Providing support to Membership department to accurately input gift entry.
- 10) Working with Membership Department in creating internal processes.

EveryAction: Not many changes have been made since the previous board meeting. The Digital Media Manager have not had to meet with the Chapters department for much support. This quarter has been spent creating procedures to ensure reporting and rebate eligibility for chapter rebates

The change to EveryAction has been a process as we work towards self training and adapting to the new system. Supria is now able to successfully pull membership lists and has start sending them out twice a month. The new membership report will include the membership information for each affiliated member including: Member Since, Last Renewed, Membership Type, and Expiration. The list will include active and lapsed members. The membership and transaction reports have merged with membership status included in each membership report.

With this migration, the Chapters and Membership department has had to change their Standard Operating Procedures. Supria and Marcus are currently working together in completing data entry accurately so rebates are calculated correctly. This comes with adapting to a new system and we thank you for your patience as we transition.

Upcoming Priorities:

The Chapters department is shifting it's priorities to revamp the Campus Action Network Program along with Chief of Staff, La-donia. Currently, we have a handful of active CANs and are working towards becoming a sufficient resource for them.

Annual Reports

The 2021 annual report was made available on the NOW Leaders section of the website on January 1, 2022. As of March 1, 2022, 35 annual reports have been submitted for 2021. One of the requirements to remain eligible for rebate checks is to file an annual report and, for that reason, my goal is to reach out to the chapters who have not submitted a report to do so before the year ends.
